The Honorable Peter DeFazio
Chair
House Committee on Transportation and Infrastructure
2134 Rayburn House Office Building
Washington, DC 20515

Dear Chair DeFazio:

I am requesting funding for the Excelsior Springs Sewer Project in the Water Resources Development Act of 2022.

The project sponsor for this project is the City of Excelsior Springs, Missouri located at 201 East Broadway Excelsior Springs MO 64024 (Clay County). The project is located in Missouri's 6th Congressional District. The purpose of this project is to repair infiltration issues in the city's sewer system.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: improve health and safety in the local community, reduce public health and environmental issues, curb sewer overflows and backups, and reduce costs to municipal wastewater customers association with increased system inflows.

I certify that neither I nor my immediate family has any financial interest in this/these projects.

Sincerely,

Sam Graves
Member of Congress
